[Nonresponsive based on revised scope] is not in the agenda for the DOJ call. Please let us if there are matters on [Nonresponsive based on revised scope] that require a meeting at this point, apart from what we discussed recently. My understanding is the case team is working in trying connect PADEP and [Nonresponsive based on revised scope] while working on developing a referral.

Not sure if you aware that we are now tracking judicial referrals in Teams.  
Please create a card for [Nonresponsive based on revised scope] ECAD Case Tracking  
I'm following up with Donna, as I am not sure there is anything at this point to discuss with DOJ, as it is early in the prereferral stage.
